Jute and Cotton are the two important natural fibres used to make Earthbags[®].

Jute is one of the strongest natural plant fibre. It's the second most important vegetable fibre after cotton in terms of usage, global consumption, production and availability.

Fabrics made of jute fibres are carbon-dioxide neutral and naturally decomposable. Its an extremely ecofriendly textile.

Earthbags[®] are strong, re-usable and naturally green. Choose from our extensive range to retail or create your own bespoke bag to advertise the greener way.

Packaging & Gifts

Ordering & Product Information

Sampling: Samples can be made ready in a week's time with customised prints. Screen set-up charges are 15 USD per colour with a minimum of 50 USD. We need client's courier account details to send samples.

Fabric: Jute bags are generally coated inside with PP or LDPE lining until and unless otherwise specified. Colours are dyed to match PMS, however exact colour matching is not possible due to the natural fibres. The shade may differ slightly from lot to lot.

Dyes & Paints: Azo Free Direct Dyes are used in all our bags to follow EU Standards. However full colour fastness is not guaranteed in this oxy cellulose fibre. Reactive colours can be used on special request to improve colour fastness. The inks used for printing are pigment cols and also Azo free.

Printing: Bags are silk screen printed and might have registration variation as printing is done by hand and not with help of machines. Printing cost depends on number of cols used and coverage area. Printing costs 10 US Cents per colour approximately.

Packaging: All orders are packaged in bulk in standard sized cartons (22"x18"x15") unless otherwise requested. Quotes would differ if specific packaging or individual poly packing is required.

Lead Time (Customised Bags): 4 to 6 weeks based on style and quantity. When production time allows, rush orders may be pre-approved at no charge. Lead time may change due to delay in receipt of artwork, pre-production proof / sample (if required). Please indicate if the requirement is within a specific time frame.

Ordering Information: Sizes mentioned in the catalogue are in inches (Height x Width x Gusset). Please assist us for quick processing of orders by specifying Style Number, Body Colour, Gusset Colour, Printing matter and colour, Quantity and Shipping date.

Value Add-Ons:

The value of the bag can be increased by including:

Snap Buttons / Velcro Closure

Zipper Closure

Inside / Outside Pockets

P / P Board for stiffer bottoms

Your company / brand name hang tags and wash care labels Customised Packing

Customised Bags: Customised sizes, shapes, handles, fabric colour as well as prints can be provided. Contact us for quotes for development of the same.

Over-runs & Under-runs: We reserve the right to ship 5% over or under and will bill accordingly.

Disclaimer: As the bags are made from a natural fibre and are hand crafted, variation should be well accepted as a beauty of the product and should not be treated as a flaw.
